--------------------	---------------------------------------------------------------------------------------------

<u>VA.4.H.2.1:</u>	
--------------------	--

- x Build perseverance by modifying methods as needed while solving a challenging task.
- x Stay engaged and maintain a positive mindset when working to solve tasks.
- x Help and support each other when attempting a new method or approach.

Clarifications:

Teachers who encourage students to participate actively in effortful learning both individually and with others:

- x Cultivate a community of growth mindset learners.
- x Foster perseverance in students by ~~challenging~~ providing tasks that are challenging.
- x Develop students' ability to analyze and problem solve.
- x Recognize students' effort when solving (e)4 (s)-1 (t)-2 (ude)4 (nt)-2 ((e

- x Compare the efficiency of a method to those expressed by others.
- x Recognize errors and suggest how to correctly solve the task.
- x Justify results by explaining methods and processes.
- x Construct possible arguments based on evidence.

Clarifications:

Clarifications:

Teachers who encourage students to apply mathematics to real-world contexts:

- x Provide opportunities for students to create models, both concrete and abstract, and perform investigations.
- x Challenge students to question the accuracy of their models and methods.
- x Support students as they validate conclusions by comparing them to the given situation.
- x Indicate how various concepts can be applied to other disciplines.

Cite evidence to explain and justify reasoning.

ELA.K12.EE.1.1:

Clarifications:

Students will make inferences before the words infer or inference are introduced. Kindergarten students will answer questions like “Why is the girl smiling?” or make predictions about what will happen based on the title page. Students will use the terms and apply them in 2nd grade and md en0.72 -1oc9CCID 2 >>B-10 (on t)-6 on t336

General Course Information and Notes

VERSION DESCRIPTION

Grade four* art incorporates a variety of two and three dimensional concepts and ideas in art and digital media and processes to convey meaning and relevance. Materials are correctly, safely, and responsibly applied to achieve diverse effects and meet established criteria. Observation skills, prior knowledge, and art

English Language Development ELD Standards Special Notes Section:

Teachers are required to provide listening, speaking, reading and writing instruction that allows English language learners (ELL) to communicate for social and instructional purposes within the school setting. For the given level of English language proficiency and with visual, graphic, or interactive support, students will interact with grade level words, expressions, sentences and discourse to process or produce language necessary for academic success. The ELD standard should specify a relevant content area concept or topic of study chosen by curriculum developers and teachers which maximizes an ELL's need for communication and social skills. To access an ELL supporting document which delineates performance definitions and descriptors, please click on the following link:
